

**“Side Effects May Include Radical Life Change”**

*This set of questions is based on Mike’s sermon preached October 18.*

1. *Everyone who comes to Christ must undergo a radical life change.* Do you agree or disagree with the preceding statement? Why?

What would be the nature of the radical life change for someone who grew up in a family of devout Christians?

2. Read Philippians 3:4b–14. Discuss Paul’s radical life change in regard to the following three areas and tell how you think this applies to disciples today.
  - what Paul put his confidence in
  - his self image
  - his goals
3. Read Romans 12:2. What role does the mind play in spiritual transformation? What radical changes should occur in the believer’s mind?
