**A NOTE FROM MALIA**

*Malia grew up going to Woodbury Church of Christ and has spent the past 20 months in Santa Rosa, Honduras as part of the Adventures In Missions Program. The following note is from her most recent newsletter:*

*"As of January 21, I'm back in the United States. It's like another world, truly. In many ways, I feel that I have left home to come home. Fellow missionaries have told me it will always be like this; a part of my heart will always stay behind in Santa Rosa, Honduras. I guess that means I'll just have to return someday, if only to visit. Yet one of the greatest lessons that AIM has taught me is that every Christian is a missionary, and every place a mission field. I pray that God will help me find a place in His kingdom work here in Minnesota.*

How can I thank you, my supporters? You made this whole grand adventure possible. You provided my daily food, water, clothes, and housing. You made it possible for me to give generously. Not only did you give financially, but I know that your prayers supplied me with strength and grace day by day. I thank you with all my heart. *'May the Lord bless and keep you. May the Lord make his face shine upon you and give you peace.'*  
 - Love Malia
